

# Hello wildebeest from Kenya why do you migrate?

Why do  
you cross  
the river?

47

Be careful with the crocodiles!

# Hello animals from Mongolia,

48

Sometimes sand covers  
everything

Hello ravine,

why isn't there any life here?

Soil is necessary for life

# Hello cows,

why do you  
eat grass?

EXchange of grass for milk  
and meat! Nice!

Hello river,

why don't you  
ever stop?

Respect the river. There are  
many living creatures in and  
out of the river

Hello cars,

why do get stuck?

52

It is great not to have noise!

# Hello woods,

why are you  
all so tall?

Pine trees have leaves like needles

Hello Mongolian  
nuclear power  
station,

54

why are you so  
dangerous?

Atoms have a lot of energy

# Hello Killer whale,

why do you  
come out from  
the water?

I don't trust people's appearance.  
I rather want to get to know people

# Hello Iguana from Aruba,

why do you  
sunbathe?

Dinosaurs have disappeared,  
were they family of yours?

# Hello residue,

why haven't you been  
thrown away in the  
garbage dump?

We can use so many residues  
over and over again

# Hello mountains from Colorado,

why don't you  
have plants?

Ground is formed from a rock
